

MENACA

REGION FACTS

This region includes: Armenia - Afghanistan - Azerbaijan - Bahrain - Iran - Iraq - Israel - Jordan - Kuwait - Lebanon - Oman - Qatar - Saudi Arabia - Syria - Turkey - United Arab Emirates - Yemen

- 421,000,000 people live in this region
- 91.2% of Middle Eastern peoples are unreached or least reached with the gospel
- There are 488 unreached people groups

The Middle East is the land of the Bible, and we know these peoples have a special place in history and the Lord's heart!

We have a Foursquare presence in 7 of these nations and are reaching into at least 5 more. These nations are often moderately or highly hostile to traditional church planting and missions, and therefore we need a different approach to these "creative access nations." We come as teachers, businesspeople, language learners, and servants to reach people's hearts and build relationships and bridges.

Opportunities to serve:

We are currently looking for both short-term and long-term workers in this exploding region of the world. Opportunities to serve include: teaching English (formal and informal), church planting, BAM (Business As Mission), teaching and training in local churches, youth ministry and training youth leaders, and serving marginalized people groups.
