

MENACA

REGION FACTS

This region includes: Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan, and Uzbekistan

- Nearly 77,000,000 people live in this region
- There are 159 unreached people groups
- 91% of Central Asians have never heard the Gospel

Although much of Central Asia is unreached, there is good news!

There is a strong national movement of Foursquare churches in Kazakhstan (called “Joy Church” network) and also a Foursquare presence in two other countries. We also partner with para-church organizations and many other Christian networks to reach the people of this region.

From Kazakhstan, we are reaching into all the other Central Asian countries and even beyond those into at least 5 other neighboring nations! The Holy Spirit is strategically moving in this area of the world like never before, and many people are opening their hearts to the gospel.

Opportunities to serve:

We are currently looking for both short-term and long-term workers in this exploding region of the world. Opportunities to serve include: teaching English (formal and informal), church planting, BAM (Business As Mission), teaching and training in local churches, youth ministry and training youth leaders, and serving marginalized people groups (such as unwed mothers, addicts, handicapped, etc.)
